

I used Bernard Kiesel from Katz, Daitzman & Kiesel to prepare both my business and personal tax returns.

Having had a very difficult first year in business I had paid little attention to my accounts, so when the time came to sort out my tax returns I was in a bit of a mess. Not knowing where to start I approached Bernie, he took everything off me and certainly made tax less taxing! He prepared both my business and personal tax returns, made adjustments to my corporation status, suggested better ways to keep my accounts and provided me with a quickbooks template so it would be easier for me this year.

I would not hesitate to recommend him to anyone.
